

DESCRIPTION

Verus Chain and Bar Oil is formulated to provide superior lubrication and protection for modern chainsaw's chain, bar and sprocket and is suitable for both automatic and manually operated oil systems.

Engineered to meet ISO 100 standards, our oil reduces friction, heat build-up and wear, ensuring smooth operation and extended equipment life.

FEATURES AND BENEFIT

Verus Chain and Bar Oil is a cost-effective product that provides full protection of chainsaw parts. It has anti-wear additives that give increased working life to the bar, sprockets and chain. The tacky quality of the oil will resist excessive throw off and form a strong protective film at rest.

Exhibits good adherence to metal surfaces to protect against wear, rust and corrosion and keeps chains sharper for longer. Ideal for use in all weather conditions.

Verus Chain and Bar Oil will assist to keep the saw clean by flushing dust, gum and wood chips away, remove pitch and prevent further pitch build-up on the chain and bar.

APPLICATIONS

Formulated for the lubrication of chains, bars and sprockets of hand held and machine operated chainsaws and other chain driven equipment including motorcycles, lawn mowers and farm equipment.

SPECIFICATIONS

Meets or exceeds the requirements of:

- ISO 100

TECHNICAL DATA

CHARACTERISTIC	TEST METHOD	RESULT
Viscosity @ 100°C cSt	ASTM D 445	14.87
Viscosity Index	ASTM D 2270	109
