

Product Data Sheet: VM2006**Issue Date: 251121****Rudis by Verus**

Transmissions drive heavy machinery, and Rudis keeps them working with dependable strength. Inspired by the Rudis – the wooden sword symbolising a gladiator's freedom – these oils are built to handle extreme loads and heat. Rudis keeps your components protected, giving your equipment the freedom to perform without breakdowns or inefficiency.

Created by Italian lubricant experts, Verus blends decades of lubrication science with performance trusted by equipment manufacturers worldwide.

We control every step – from formulation to delivery – ensuring speed, precision, and reliability.

As your lubrication partner, we provide technical insight, rapid solutions, and flexible options, from tailored blends to custom packaging.

Product Description

High-quality automatic transmission fluid for classic GM and Ford units, power steering and hydraulic systems. Provides reliable low-temperature fluidity, durable friction characteristics, thermal stability and corrosion protection. Suitable where Dexron III, Ford Mercon or Allison C4 performance is required in pre-latest-generation transmissions.

Features & Benefits

- Excellent low temp fluidity
- High thermal stability
- Durable friction properties
- Corrosion protection

Applications

Ideal for GM (pre-2005) and Ford (1983–1996).

Specifications

- DEXRON III
- Ford Mercon
- Allison C4

Mineral

Verus Rudis

ATF DEX III

Technical Data

Characteristics	Test Method	Result
Physical Appearance	Visual	Bright and Clear
Viscosity @ 100°C	ASTM D445	7.82
Viscosity Index	ASTM D2270	162
Pour Point	ASTM D97	-36
Flash Point	ASTM D92	196

Chematek S.p.A. operates under the European Engine Lubricant Quality Management System (EELQMS) and adheres to the ATIEL Code of Practice for developing and marketing lubricants making ACEA performance claims.
